

INTRODUCTION

At Heathfield & Co we have been designing and making the finest lampshades for almost half a century and we are justifiably proud of our team who continue to fashion shades for the most iconic hotels and properties around the world.

Our shades are elegant and timeless. We ensure that they are made with the finest materials and every one is made by hand in our lampshade workshop. With our own collections our designers focus on form, colour, texture and detailing in combination with an unrivalled commitment to heritage inspired quality. Equally our team are always excited to work with customers to generate bespoke ideas, always in the knowledge that every lampshade is produced by hand and with the attention to detail that is the cornerstone of our name.

Note: The colours shown in this digital swatch card will display differently on different screens and should only be used as a guide. Please contact our sales team for material samples or to request a shade card booklet.

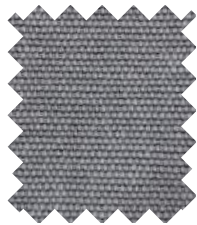

M I N E R A L

Taking direct inspiration from the natural world, our Mineral fabric collection features a unique selection of textures and tones.

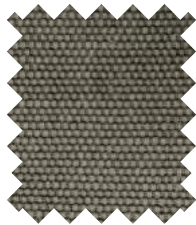

Our Weave and Ripple fabrics offer soft, subtle detail in a muted palette of versatile neutrals, whilst our Element options provide organic, tactile finishes in a combination of grainy, raw textures and delicate linear and herringbone prints; adding sophisticated simplicity to any interior scheme.

With a timeless allure and a beauty inherently tied to nature, silk continues to be an enduring selection for the finest interiors. Our selection of dupion silks provides an unrivalled quality, juxtaposing versatile neutral hues with vibrant and radiant tones. The crafted nature of the material will intersperse slubs into the weave, providing a unique, organic finish and tactility to each lampshade.

LINEN & COTTON

Linen offers a unique touch and inimitable appeal. We feature a delicate, organic Linen palette punctuated with rich teals and deep ebony hues. A number of Glazed Linen options are also presented, adding a subtle, elegant sheen. Cotton also remains a cornerstone fabric to our range of materials and offers a cohesive collection of both neutral and vivid, warming tones.

Our 'Exclusive' range will always feature an enticing selection of new lampshade materials. Distressed velvets sit alongside lustrously finished metallic linens. Our 'Sheer' fabrics (recommended with Clear Frosted PVC linings), provide a unique factuality with a dramatic, ethereal translucency. Our 'Brush' fabrics also provide a unique addition, featuring elegant bands of exquisite metallic detailing.

LINING & TRIM

To complement our full range of fabrics, lampshades are supplied as standard with a crisp White PVC lining. Premium PVC options are also available, including Champagne, Prosecco, Silver, Gold and Copper. Clear Frosted PVC can also be requested, alongside fabric linings from our standard fabric range. We are also now pleased to offer a range of trims including standard double-faced satin ribbon and exclusive decorative braidings. Trim will be positioned at the top and bottom of the shades.
